

I'm not robot!

The path is a challenging wild path that begins on the catwalk of the suspension of Fundy Trail in Big Salmon River, near St. Martins, and hugs the coast to the Fundy National Park, near Alma. The eastern and western sections of the Fundy path form a continuous path from beginning to end. The resistant Fundy terrain conducts up and down from an elevation of 0 to 300 m (984 feet) in a dozen ravines and 2 tidal rivers that can only be crossed during the low tide. One of the last last coastal deserts between Florida and Labrador the views and the desert experience are spectacular! The path can walk 4 to 5 days. Keep in mind that the camp conditions are primitive (there are no designated camps), water treatment is necessary, fires are not allowed and a backpack stove is recommended. You can buy a Fundy trail map kit (includes tidal graphics) in the interpretive center of Fundy Trail Parkway or in other places. All hikers must register calling 1-866-386-3987. The path can also be accessed from the parking lot of Point Wolfe in the Fundy National Park. Registration is required to park and camp inside the park. Call 1-506-887-6000 or send an email to [fundy.info@pc.gc.ca](mailto:fundy.info@pc.gc.ca) to register. Type of path: Hiking level: Advanced length: 64 km (40 miles) The previous information was provided by the business. Get in touch with them directly to obtain information and to ensure that their offers are suitable for their needs. The paths that are not specified loops show times in a way, keep in mind that the return is not included in the time estimates shown above. F = wetlands w = wetlands C = Costa R = Raven length: 41.4 km 1 km approximation from the great interpretive center of the Salmon River to the western terminal of the trail. Approximate Trail of 8 km from Point Wolfe's parking area at Fundy National Park to Goose River, the eastern terminal of the trail. The terrain is extenuating with many ups and downs. The total elevation gain with these ups and downs is10,000 feet. Footpath is 41 km from the Visitors Center for Route Parks Founded in St. Martins, at the edge of Fundy National Park. You will have to walk another 9 km on the new Goose River path (2018) in Fundy Park to access the trail. The trail is on the longest and most contiguous stretch of the south coast of Quebec. There are many campsites in the countryside along the route. The trail and the campsites are maintained by volunteers so do your part to keep the trail clean. If you plan to take a walk along the full path, make sure you collect a Footpath Fundy Guide Manual (link below). Includes everything you need to know about hiking in the Footpath including a waterproof map, security information and information about what to bring. It also has detailed descriptions of each section of the trail. The many access paths mean that you can also hide the route, but most access points are remote wooden paths, so use caution, know where you're going and tell someone. If you enjoy the Fundy Footpath please consider volunteering with Fundy Hiking Trail Association. You can also make donations to help keep this path in great condition. For more details I have created a follow-up page for four sections of the trail. Note: All distances are horizontal GPS distances. They do not take into account the many steeped up and down that add distance.
